Election of Chairman of the Meeting (Item 2)

The Nomination Committee of the Company, consisting of Per-Olof Edin, Chairman of the Nomination Committee, representative of Östersjöstiftelsen, and the members Henrik Blomquist, representative of Bure Equity AB (publ), Håkan Åström, representative of SIX SIS AG, and Mats Pettersson, Chairman of the Board of Directors, proposes that Mats Pettersson be elected as Chairman of the Annual General Meeting.

Resolution on allocation of the Company's result according to the adopted balance sheet (Item 9.b)

The Board of Directors proposes that no dividend should be paid for the fiscal year 2013.

Election of the Board of Directors and Chairman of the Board of Directors and determination of fees to the Board of Directors and Auditors (Items 10, 11 and 12)

The Nomination Committee proposes that the Board of Directors shall consist of six (6) persons and no Deputies.

The Nomination Committee proposes re-election of Mats Pettersson, Wenche Rolfsen, Torbjörn Koivisto, Geert Cauwenbergh and George Aitken-Davies for a term of office extending until the end of the next Annual General Meeting, while Peter Wolpert, Gustaf Lindewald and Peter Rothschild have declined re-election and, thus, resign as board directors. In consultation with Peter Wolpert the Nomination Committee has found it principally more correct to refine his capacity at the Board Meetings, and that he will therefore only attend as CEO and not as board director. Further, the Nomination Committee has proposed to also appoint Thomas B. Thomsen as a Board Director. In addition, the Nomination Committee proposes re-election of Mats Pettersson as Chairman of the Board of Directors.

Thomas B. Thomsen has a broad experience from senior positions within the pharmacy industry with focus on OTC products, *inter alia* as CEO of marketing companies within Pfizer and Johnson & Johnson and responsible for OTC products within Reckitt Benckiser and Novartis Consumer Health. Thomas B Thomsen is a Board Director of Cederroth AB (Sweden) and Symprove PLC (England).

The Nomination Committee proposes an aggregate fee to Board members of SEK 1,000,000, of which SEK 300,000 to the Chairman, SEK 250,000 to the Deputy Chairman and SEK 150,000 per member elected by the Annual General Meeting with the exception of George Aitken-Davies.

It is noted that at the 2011 Annual General Meeting the auditing firm Ernst & Young AB was appointed as the Company's Auditor. It is noted that the authorized public accountant Björn Ohlsson was appointed as Chief Auditor. The mandate runs until the end of the 2015 Annual General Meeting.

The Nomination Committee proposes that fees to the Auditors, for a period until the end of the 2015 Annual General Meeting, are to be paid as per approved invoice.

Proposal for resolution on principles for establishing the Nomination Committee and its work (Item 13)

The Nomination Committee proposes that the Annual General Meeting resolves on a Nomination Committee in accordance with the following principles. The Annual General Meeting assigns the Chairman of the Board of Directors to contact the three largest shareholders in term of votes or owner

groups (hereby referred to both directly-registered shareholders and nominee-registered shareholders), according to a transcript of the share register maintained by Euroclear Sweden AB as per September 30, 2014, each appointing a representative to, besides the Chairman of the Board of Directors, constitute the Nomination Committee for the period until a new Nomination Committee is appointed by mandate from the next Annual General Meeting.

If any of the three largest shareholders or owner groups declines to elect a representative, the fourth largest shareholder or owner group will be asked, and so on, until the Nomination Committee consists of four members. The majority of the members of the Nomination Committee are to be independent of the Company and its executive management. At least one member of the Nomination Committee is to be independent of the Company's largest shareholder in term of votes, or any group of shareholders that act in concert in the governance of the Company. Neither the Chief Executive Officer nor other members of the executive management are to be members of the Nomination Committee. Board members may be members of the Nomination Committee but may not constitute a majority thereof. If more than one Board member is on the Nomination Committee, no more than one of these may be dependent of a major shareholder in the Company. The Nomination Committee appoints Chairman within the Committee. Neither the Chairman of the Board of Directors nor any other Board member may be Chairman of the Nomination Committee. The names of the members of the Nomination Committee shall be announced no later than six months prior to the 2015 Annual General Meeting. In the event that one of the members of the Nomination Committee resigns before the Committee's work is completed and if the Nomination Committee is of the opinion that there is a need to replace the member, the Nomination Committee shall appoint a new member according to the principles above, but based on a transcript of the share register maintained by Euroclear Sweden AB, as soon as possible after the member has resigned. A change in the composition of the Nomination Committee shall be announced immediately. No fees shall be paid to the members of the Nomination Committee for their work in the Nomination Committee.

The Nomination Committee shall submit proposals on the following issues for resolution by the 2015 Annual General Meeting:

- a) Proposal for Chairman of the Meeting
- b) Proposal for the Board of Directors
- c) Proposal for Chairman of the Board of Directors
- d) Proposal for fees to the Board of Directors, with distribution between the Chairman and other Board members
- e) Proposal for Auditors
- f) Proposal for fee to Company Auditors
- g) Proposal for principles for establishing the Nomination Committee for the 2016 Annual General Meeting.

Proposal for resolution on principles for remuneration of senior executives (Item 14)

The Board of Directors proposal for resolution on principles for remuneration of senior executives is consistent with previous years' principles for remuneration and is mainly based on existing contracts between the Company and senior executives.

The Board of Directors proposes that the Meeting resolves to adopt principles for remuneration of senior executives on the following terms:

Moberg Pharma shall offer a total compensation at market rate that enables for qualified senior executives to be recruited and retained. The compensation paid to the Chief Executive Officer and other senior executives may consist of basic salary, variable compensation, other benefits and pension benefits. The total compensation is based on the basic salary and must be proportionate to the executive's responsibilities and authority. Variable compensation is capped at 25 - 50 per cent of each executive's basic annual salary and is based on results achieved in relation to individually defined qualitative and quantitative targets as well as the Company's result in relation to goals set by

the Board of Directors. Pensionable salary comprises only of basic salary. To the extent that Board members perform work for the Company or any other Group Company, besides work in the Board of Directors, consultancy fee at market rate may be paid.

The notice period shall be at least three months if the senior executive takes the initiative and if the Company takes the initiative between three and twelve months. Severance is not paid. The Meeting shall, when applicable, decide on all share and share-price related programs. Allotment shall be made in accordance with the resolution of the Shareholders' Meeting. With the exception of the employee stock options allotted and accrued, and what is provided for under existing employment contracts as referred to above, senior executives are not entitled to any benefits after the termination of the employment/assignment. The Board of Directors shall be entitled to deviate from the above mentioned principles for remuneration of senior executives if there are special reasons.

Proposal for resolution on Employee Stock Option Plan (Item 15)

The Board of Directors proposes that the Annual General Meeting (i) resolve to adopt an employee stock option plan for 2014 for employees in the Company and in the Company's wholly-owned subsidiary Moberg Pharma North America LLC ("**Moberg North America**"), (ii) resolve on issue of warrants to the Company's wholly-owned subsidiary Moberg Derma Incentives AB, reg. no. 556750-1589, ("**Incentives**") for the fulfillment of the Company's commitments under the employee stock option plan, and (iii) approve transfer of warrants or shares in the Company to employees in the Company and Moberg North America.

(i) Employee Stock Option Plan 2014

The Board of Directors proposes that the Annual General Meeting resolves to adopt Employee Stock Option Plan 2014 on principally the following terms:

The Board of Directors and the Chief Executive Officer are entitled to, within the scope of the employee stock option plan, resolve on allotment of maximum 213, 500 employee stock options to key personnel in the Company and Moberg North America. It will be permissible to allot a maximum of 50,000 employee stock options per plan participant. The Board of Directors and the Chief Executive Officer shall decide which persons shall be encompassed by the Employee Stock Option Plan based on position, qualification and individual performance. The maximum allotment may be adjusted proportionally based on each person's time as an employee in the Company. The employee stock option plan will include the following senior executives in the Company; Anna Ljung, Kjell Rensfeldt, Martin Ingman, Peter Wolpert and Steve Cagle. The three first mentioned are proposed to be allotted 15,000 employee stock options each and the two last mentioned are proposed to be allotted 50,000 employee stock options each. Participants in the employee stock option plan shall be allotted the employee stock options free of charge. The allotment of employee stock options will take place immediately, in connection with the 2014 Annual General Meeting.

Each employee stock option shall entitle the holder to subscribe for one (1) new share in the Company at a subscription price equivalent to 110 per cent of the volume-weighted average price paid for a share in the Company on the NASDAQ OMX Stockholm during ten trading days following the 2014 Annual General Meeting, however never less than the share quotient value. The employee stock options can be used for subscription of new shares from June 30, 2017 until December 31, 2018. The employee stock options are linked to employment in the Company. The employee stock options will be cancelled if the employment in the Company is terminated and the employee at that time had not earned them. The employee stock options earned by the employee before the time of termination shall be used for subscription no later than six months thereafter. The employee stock options are non-transferable.

In view of the above proposed terms, the size of the allotment and other circumstances, the Board of Directors assesses that the proposed employee stock option plan is well-balanced and that it will be beneficial for the Company and its shareholders.

(ii) Issue of warrants to Incentives

In order to secure the Company's commitments under Employee Stock Option Plan 2014 the Board of Directors proposes that the Annual General Meeting resolves on an issue of a maximum of 258,692 warrants, whereof a maximum of 45,192 warrants are intended to hedge the costs (mainly social security contributions or corresponding taxes) that may arise from the employee stock option plan, on principally the following terms:

The warrants shall be issued free of charge and the right to subscription shall, with a deviation from the preferential right of the shareholders, be assigned to Incentives. Subscription of warrants shall take place at the latest on May 20, 2014, with the right for the Board of Directors to extend the subscription period. Each warrant shall entitle the holder to subscribe for one (1) new share in the Company at a subscription price equivalent to 110 per cent of the volume-weighted average price paid for a share in the Company on the NASDAQ OMX Stockholm during ten trading days following the 2014 Annual General Meeting, however never less than the share quotient value. Subscription for new shares in the Company with the support of the warrants shall take place no later than December 31, 2018. The new shares will entitle to dividend for the first time on the record date that occurs after the new shares has been registered at the Swedish Companies Registration Office (*Sw: Bolagsverket*) and after the shares have been recorded in the share register maintained by Euroclear Sweden AB.

In the event that all warrants issued in respect of Employee Stock Option Plan 2014 are used to subscribe for new shares, the Company's share capital will increase by SEK 25,869.20 from SEK 1,189,357.20 to SEK 1,215,226.40. This is equivalent to a dilution of approximately 2 per cent of the shares and votes in the Company.

The reasons for deviating from the shareholders' preferential rights are that the issue constitutes part of the implementation of Employee Stock Option Plan 2014. The Board of Directors assesses that a long-term personal ownership commitment among the employees will lead to an increased interest in the business and the result, and therefore improves the motivation of the employees. It is advantageous for the Company to be able to offer employees an opportunity to participate in the Company's development. The Board of Directors therefore assesses that the proposal, with regard to the terms, appears to be reasonable.

(iii) Approval of transfer of warrants or shares in the Company to employees in the Company, etc.

The Board of Directors proposes that the Annual General Meeting resolves to approve that Incentives is entitled to transfer warrants or shares in the Company to personnel in the Company and Moberg North America, who have received employee stock options under the Employee Stock Option Plan 2014, or otherwise dispose of the warrants, in order to secure the Company's commitments and costs in connection with Employee Stock Option Plan 2014.

Costs for Employee Stock Option Plan 2014

The Board of Directors assesses that Employee Stock Option Plan 2014 will lead to costs partly in the form of accounting salary costs, partly in the form of social security contributions. These latter costs are hedged by the warrants issued with the purpose of covering these costs.

Preparation of the proposal of Employee Stock Option Plan 2014

The proposal regarding Employee Stock Option Plan 2014 has been prepared by the Company's Remuneration Committee and has been presented to the Board of Directors.

Previous incentive programs in the Company

For a description of the Company's other share-related incentive programs, reference is made to the Company's 2013 annual report, and the Company's website www.mobergpharma.com. In addition to the programs described, there are no other share-related incentive programs in the Company.

Majority requirement

The Annual General Meeting's resolution on the above items (i) – (iii) shall be adopted together as one resolution. A resolution in accordance with the Board of Director's proposal requires the approval

of shareholders representing at least nine tenths of the votes cast and the shares represented at the Meeting.

Proposal for resolution regarding authorization for the Board of Directors to issue new shares (Item 16)

The Board of Directors proposes that the Annual General Meeting authorize the Board of Directors to, within the scope of the articles of association, with or without deviation from the shareholders' preferential right, on one or several occasions during the period until the next Annual General Meeting, resolve to increase the Company's share capital by issuing new shares in the Company. The total number of shares issued in accordance with this authorization may be equivalent to a maximum of 20 per cent of the shares in the Company at the time of the 2014 Annual General Meeting. The issues shall be made with issue rates at market rate, and where applicable be subject to issue discount at market rate, and payment shall, apart from payment in cash, be made in kind or by set-off or otherwise with conditions. The purpose of the authorization and the reasons for any deviation from the shareholders' preferential right is that the Company shall be able to carry out issues in order to finance the Company's business, commercialization and development of the Company's products and/or the acquisition of products, project portfolios, businesses, companies or parts of companies. The Board of Directors, CEO or such person as the Board of Directors authorize, shall be authorized to carry out amendments and clarifications of the Annual General Meeting's decisions that are required in connection with the filing with the Companies Registration Office.

A resolution in accordance with this proposal requires the approval of shareholders representing at least two thirds of the votes cast and the shares represented at the Meeting.
